

#17MinutesForMe

Information for Group Leaders

What is #17MinutesForMe? How does it work?

Team Personal Best, England Athletics and Mind the mental health charity, have teamed up to create an exciting national online challenge called #17MinutesForMe. The challenge encourages participants to take 17 minutes of physical activity, 3 times a week, during the period of the champs to enhance their mental wellbeing. Young, old, active or inactive, **this is a challenge that everyone can take part in** either individually or with others.

Signing up

Participants can visit 17minutesforme.com and sign up. Once complete, participants will receive 3 emails per week from a team leader with activity challenges and wellbeing messages. Activities are athletics and running-themed, and are simple and inclusive but also include progressions for those who want them. Registrations can be taken throughout the challenge giving people the option to join when they want throughout the summer.

How can I get my group involved who aren't online?

If you are a leader and would like to get your group involved you can still access the challenges to share with them. There are 3 activities per week so if you are delivering these to a group who meets once per week, choose one to do with the group and why not give the other two as homework! For those who want an extra challenge, here are some ways you could make it harder are:

- i) Shorten the recovery or increase interval time
- ii) Pick a period of time e.g. 30secs, and see how many reps can be done
- iii) When running, mix in some faster intervals e.g 30 seconds
- iv) Choose a landmark and see if you can run there faster next time
- v) Use a lap to run on and track the time it takes to complete, with the aim of getting faster

The table below outlines the weekly activities and emails which can be shared with your group. These will be updated weekly so check in each week to find out what the activity and message is. Don't forget to download the emails from the website to get the messages from the week leaders to share!

Do I have to register (all my group?)

No. This resource has been designed for group leaders to share with their groups who may not be able to access emails. The leader will need to register to be able to receive the emails. We would love to hear how your groups are getting on so please get in touch via social media and keep us posted on your progress!

What do I do now?

1. Sign up at 17minutesforme.com
2. Share the emails & do the activities with your group. Or pick one/two to do and the others as homework
3. Keep in touch – let us know how you are getting on!
